Business Challenges

OCS was looking to replace their existing ERP and move to a modern, cloud-based platform that would support current & future requirements for Accounting, Procurement, Project Management, Inventory, Fixed Assets, Budgeting & CMMS. They also wanted to integrate with other Line of Business (LOB) applications to streamline their business processes.

Solution

CloudFronts successfully deployed Microsoft Dynamics 365 Finance & Supply Chain Management for OCS. The project included migrating from their existing ERP platform to Dynamics 365 Finance & Supply Chain Management on the Microsoft Cloud for streamlined operations.

CloudFronts also integrated their existing Line of Business (LOB) applications for a more cohesive integrated experience across Accounting, Procurement, Sales, Marketing, Project Management, Inventory Management,

Furthermore, Power BI is rolled out to get the most value & insights to make data driven decisions through reporting & analytics.
